Lysa — In-situ Task Extract

Completed descriptions, arm requirements, and estimated duration for one episode.

Number	Task	Assigned to	Description	Mode	Arms	Episode time
5	Fold cutlery into a napkin	Lysa	Place a napkin flat, fold it into a secure pocket, arrange a knife, fork, and spoon together, and insert them into the pocket with the handles aligned. Straighten the napkin and place the completed setting in the finished area.	Tabletop	Bimanual	2–4 min
15	Load dishwasher	Lysa	Open the dishwasher, remove loose food residue from the dirty items, and load plates, bowls, cups, and cutlery into their designated racks or basket. Keep items separated, make sure the spray arms are not blocked, and close the door.	In situ	Bimanual	2–4 min
16	Load washing machine with clothes sorted by color	Lysa	Separate the clothes into light, dark, and colored groups. Select one group, open the washing-machine door, load the garments evenly without overfilling the drum, check that no fabric is trapped in the door, and close the door securely.	In situ	Bimanual	3–5 min
17	Unload clothes from the washing machine	Lysa	After the cycle is complete, place a laundry basket beside the machine, open the door, remove the garments one at a time, and place them in the basket. Check the drum and door seal for remaining items, then leave the machine tidy.	In situ	Bimanual	2–4 min
23	Load supermarket shelves	Queen / Lysa (co-assigned)	Move products from the stock container to the correct shelf sections, grouping matching items together. Place older stock at the front when applicable, turn labels forward, avoid overfilling, and align the products neatly.	In situ	Bimanual	2–4 min
32	Brush and shelve shoes	Lysa	Pick up each shoe, hold it securely, and brush dust and loose dirt from the upper, edges, and sole. Match each cleaned pair and place it neatly on the designated shelf with the toes facing forward.	Tabletop	Bimanual	3–5 min

Task 23 is included because the source lists “queen / LYSA.” Episode times are practical estimates and may vary with item count and setup.
